

Prison Production Garden Application - may1713

Client: Julie Stevens

Advisor: Doug Jacobson

Juan Venegas - Leader,

Matt Koenig - Communication Leader,

Andrew Dailey - Webmaster,

ChiaJun Tai - Key Concept Holder

Jacob Stimes - Webmaster,

Jacob Anhorn - Key Concept Holder

o Weekly Summary

This week we visited the prison and discussed our project status and implementation plan with Jason Holder, the head of IT at the prison.

o Past Week Accomplishments

- ❖ Became familiar with prison layout
- ❖ Discussed network setup at the prison

o **Individual contributions**

<u>NAME</u>	<u>Individual Contributions</u>	<u>Hours this week</u>	<u>HOURS cumulative</u>
Andrew Dailey	Took a field trip to the prison to meet with Jason Holder and discuss project specifics. Talked about networking possibilities and proposed network AP locations.	4	12.0
Juan Venegas	Visited the Women's prison & continuing working on uploading files, started work on presentation	3.5	10.5
Matt Koenig	Continued working on connection to database. Met with team to work on presentation.	4	10.5
ChiaJun Tai	Worked on canvas undo and redo functions. Saved images on the databases	3	10.0
Jacob Stimes	Finished up quiz code, prison visit, team meeting	5	11
Jacob Anhorn	Began construction on menu items, visited the prison, and met with team for powerpoint	8	11.5

o **Comments and extended discussion**

- ❖ Jason will be giving us a physical server which our project will end up being hosted on. This should ease development as we don't have to test on one machine then deploy onto another

o **Plan for Coming Week**

- ❖ Present our work to the senior design team
- ❖ Start prepping server for app installation

o **Summary of Advisor Meetings**

- ❖ N/A
