

Prison Production Garden Application - may1713

Client: Julie Stevens

Advisor: Doug Jacobson

*Juan Venegas - Leader,**Matt Koenig - Communication Leader,**Andrew Dailey - Webmaster,**ChiaJun Tai - Key Concept Holder**Jacob Stimes - Webmaster,**Jacob Anhorn - Key Concept Holder***o Weekly Summary**

This week we held our second coding jam.

o Individual contributions

<u>NAME</u>	<u>Individual Contributions</u>	<u>Hours this week</u>	<u>HOURS cumulative</u>
Andrew Dailey	Testing lesson uploading, tried to make the process less strict and more open to varying file names.	4	29.0
Juan Venegas	Contacted Julie about meeting, user registration & authentication is complete	4	27
Matt Koenig	Continued working on database interfacing and tables.	4	28.5
ChiaJun Tai	Worked on creating views for save and load garden bed plans	4	27
Jacob Stimes	Developed link guidelines for Julie's team, so we can detect links in their lessons, and replace them with correct links for where the files are on our server	3	26
Jacob Anhorn	Worked populating menus dynamically based on content in the database.	2	24.5
